INTRODUCTION

In the past, this report has served a dual purpose as the Annual Report of The Department of Municipal Affairs and a compilation of statistics concerning local government entities. The ever increasing volume of statistical data and the fact that provincial and municipal fiscal periods differ has made it increasingly difficult to continue in this manner with the result that commencing with this issue, this Report will become a report covering local government statistics based, as in the past, on a fiscal year coinciding with the calendar year and a separate report will be prepared concerning the activities of the Department.

The statistical information contained in this report is compiled from financial statements furnished by each City, Town, Village, County and Municipal District. Information regarding Improvement Districts and Special Areas is taken from Department records.

All statistical data is for the calendar year ended December 31, 1969, with no change in the style of presentation from the previous year.

On January 1, 1969, a hamlet on Isle Lake in the County of Lac Ste. Anne, No. 28 gained local autonomy as the Summer Village of Silver Sands, and as provided for by The Municipal and School Administration Act, the New Town of Grande Cache and The Grande Cache Public School District, No. 5258 were merged under one elected administrative body as of July 15, 1969. Thus the total number of villages covered by this report has increased from one hundred and sixty-six in 1968 to one hundred and sixty-seven with the total of nine cities and one hundred and one towns remaining unchanged from last year. The City of Lloydminster continues to report to the Province of Saskatchewan.

With the addition of some lands annexed from Improvement Districts 77 and 78, the Municipal District of Stony Plain No. 84 and the Stony Plain School Division No. 23 became the County of Stony Plain No. 31 by Order-In-Council No. 1793/68. Subsequently the County requested and received a change in name to the County of Parkland No. 31. This has increased the total number of Counties from twenty-nine to thirty and reduced the total number of Municipal Districts from nineteen to eighteen.

A study of the fifty-one Improvement Districts as to their ability to function as viable economic units in light of their present stage of development resulted in many boundary changes and amalgamations with the result that we now have twenty-four units numbered consecutively from one to twenty-four as shown in this Report.

Withdrawal of part of Special Areas No. 3 was made to form a new Special Area No. 4.
